

Accelerating **DeFi**, Fostering Innovation

www.tde.fi

“An Accelerator for the future
of blockchain technologies”

TDeFi accelerator provides access to World-Class Mentors,
Industry Connections, Technology Support, Marketing & Community,
Exchange Listing, liquidity and growth hacking partnership and ecosystem support.

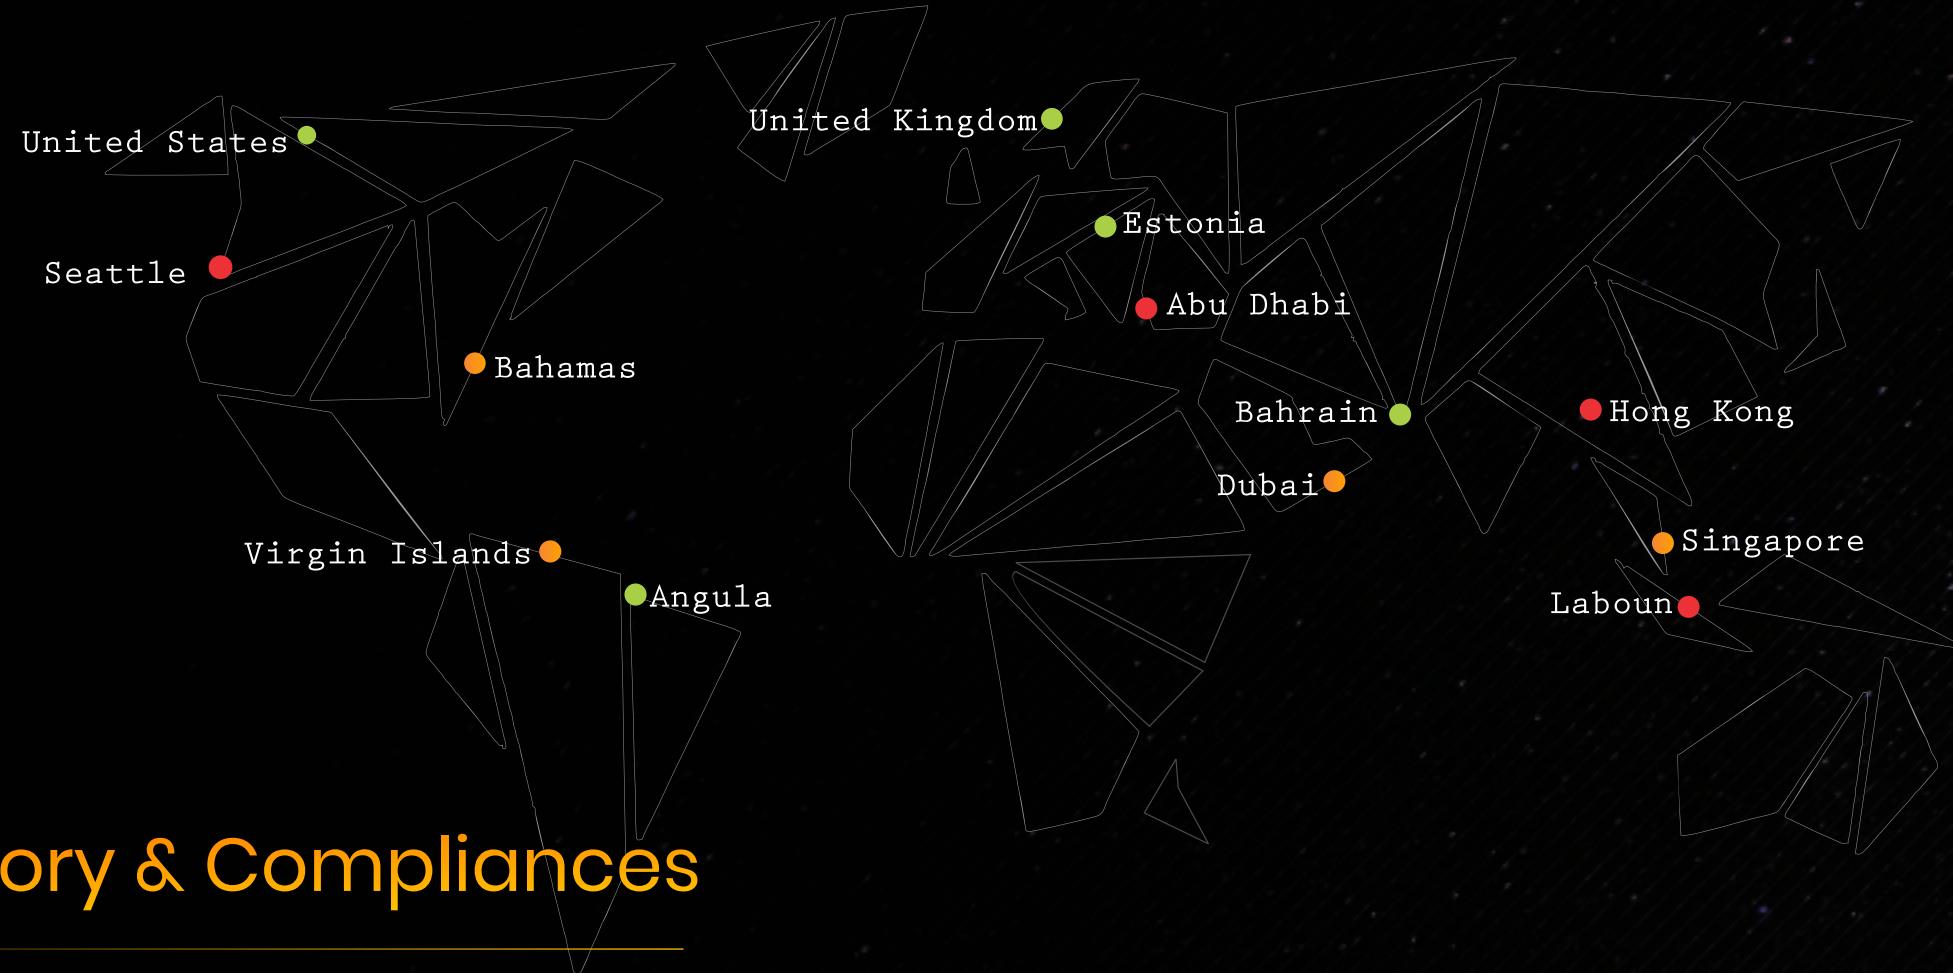

With a vision to be '**An Accelerator of the Future program**', TDeFi offers incubation, mentorship and capital fund to early stage DeFi projects.

TDeFi is an initiative to jointly add our sweat & blood but reduce the need of tears to the projects that will be selected in our cohorts.

Regulatory & Compliances

Regulations and compliances draws a line between long term sustainable projects and the short term "Pump and dump" ones. Well compliant ventures find it easy to prove their credibility to the investors, community and adopters.

The Tdefi ecosystem will provide access to fully compliant crypto banking solutions to safeguard the venture from any possibility of downtime, high latency, third-party involvement, huge costs, etc. to ensure immutable audit trail.

- **Tax Haven**
- **Crypto Regulators**
- **Crypto Sandbox**

Token Advisory

With a vast network of trading firms, traders and liquidity providers, the TDeFi Alliance can help bootstrap liquidity for early-stage DeFi projects.

Our token experts would design the token functionality and business model related to the crypto-economics of your token standard

Ideation and Mentorship

Our panel of mentors and advisors from the Crypto Ecosystem and veterans from traditional finance will equip the venture with the required regulations and compliances, user adoption, Strategic Partnerships, Technology support, Fundraise, Exchange listing etc.

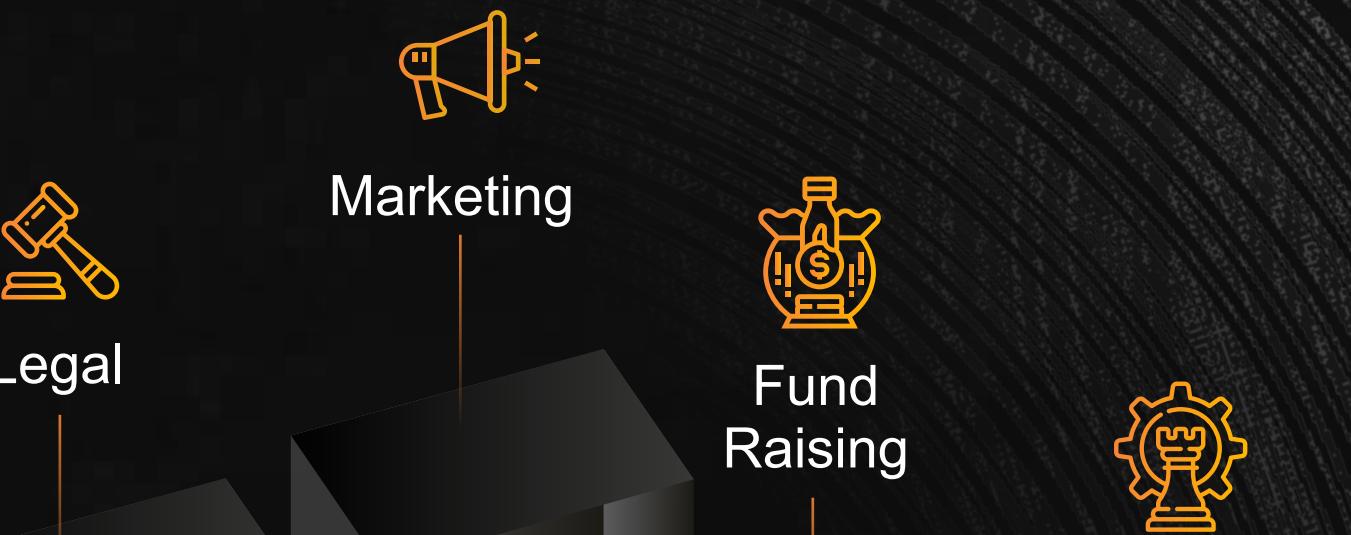

Investor & community connect

Our network consists of Institutional investors, VC Funds and some of the most respected influencers in the crypto community that have the potential to garner an audience for the project.
